**ARCHITECTURAL CONTROL COMMITTEE
DECK PLANS SUBMITTED FOR APPROVAL**

All plans for decks, patios or terraces must be submitted in writing to the Architectural Control Committee (ACC). The detailed plans must also include the specifications of the proposed construction, installation, and materials to be used. Architectural design must match existing decks within the community.

The ACC will review the proposal in relationship to the following criteria: the engineer approved topography of your Unit, the design standards within your development, and the maximum space between dwellings in order to assure reasonable privacy and separation in your development. Compliance is based upon the Declarations and Bylaws governing your Community.

Include a drawing of your proposed deck, patio or terrace with the proximity to your home in the space below. Please allow 7 to 10 business days for a response.

**** EACH SQUARE EQUALS 2 FEET**
